CPA

Reasons for Serving on the Board of Trustees:

My family has lived in Libertyville for the past 10 years. Our three children have benefited tremendously from the school system and it is time to pay this back. I have lived in five foreign countries and have visited over 80. In my travel experience, I have seen what a difference a good education can make in a person's life and overall how this can impact the entire country. We cannot underestimate the value of a good, balanced education and must make every effort to ensure our District continues to lead.
